**25 CFR 1200.2**

Tribal Council means the elected or appointed governing officials of any tribe which is recognized by the Secretary of the Interior.

**FACT**

The Secretary of the Interior erroneously and negligently recognizes the de facto Osage Nation Government as the legal authority over the Osage Mineral Trust Assets.

**RESULT**

Mineral Estate Bank Accounts have been taken over by the de facto Osage Nation Government for the purpose of funding ALL Osage Tribal members NOT only the legal recipients, Osage Shareholders.

**TODAY & TOMORROW**

July 14 & 15 we will listen to Congressional hearings regarding OUR money and OUR accounts which have been usurped by this Osage Nation Government. These hearings will be held by the Osage Nation Congress rather than the Osage Tribal Council because the Osage Tribal Council, elected by Shareholders only, no longer exists. The bottom line is; we (Shareholders) have illegally lost complete control of the Mineral Estate affairs to this new government.

**SHAREHOLDER (JECH) LAWSUIT**

This lawsuit, filed by shareholders is against the BIA for recognizing this new government as the controlling entity of our Trust and Estate. These hearings and questionable tampering of our Trust Funds are a direct result of the BIA's failure to carry out its fiduciary duty to the Shareholders. We must keep this lawsuit strong. To financially support the lawsuit, see contact information below.

**HELP**

We cannot win this lawsuit if we can't fight it and we can't fight it for free. All Shareholders are asked to support the lawsuit financially in order to regain control of the Mineral Trust and Estate. Today, non-shareholders and shareholders elected by non-shareholders have control. These hearings are a direct result of this de facto Osage Nation Government and the BIA's negligence.
