

JENNY'S NEWSLETTER

June 26, 2010

*"When the people fear the government, that's tyranny
When the government fears the people, that's liberty."*

Thomas Jefferson

THE EFFORT

In an effort to assist the voter I have attached a comparison chart for each group of candidates, the Chief and the Assistant Chief positions. I hope you find this helpful.

You will also find contact information for each candidate attached for your convenience.

The Inaugural Schedule is also provided as an attachment to this newsletter.

THINK AND RETHINK

The Absentee Ballots are beginning to trickle in to the voters. Before you vote, I encourage you to think twice before marking your ballot. No doubt, there is much to consider and here are some reminders:

Keep in mind that we have won the election practically overall by placing good, people in the Congress and Minerals Estate. The Tyrant has been overthrown and now we have an opportunity to elect qualified, knowledgeable, educated leaders who can dig us out of this black hole we're in.

This next Administrative branch is going to have a major amount of work to accomplish in a short period of time and this work is going to require great skill and experience. Our nation is faced with collapse therefore, to do less than put the best and the brightest in charge would be a fatal mistake.

ALWAYS REMEMBER

- ❖ Congress makes the laws.
- ❖ Chief carries out the laws.
- ❖ Judicial interprets the laws.

We now have a strong Minerals Council who most likely will take charge of the assets which is their responsibility.

Future plans, ideas and concerns regarding mineral matters are in the hands of the Council.

Once again, the Tyrant is gone, it's a new day and Shareholders must continue to voice their concerns to the Mineral Council members.

Resolve to understand that Gray is gone. Plans to remove the Mineral Matters from the Constitution are in the works. Amendments to the Constitution are at hand and this duty lays with the Congress and the Minerals Council, not the new Chief.

To be overly concerned about the Minerals Estate when making your decision in the voting booth could result in a less than successful outcome.

DO YOUR PART!

While we are cleaning house, let's not forget the Petition to Remove Shannon Edwards from Congress. If we don't succeed with this endeavor, Ms. Edwards will remain in Congress another two years.

Remember she failed to attend 108 Congressional Sessions and 88 Committee meetings. We have paid her \$260,000.00 to not show up and will continue to pay her unless we Petition Congress to Remove her.

Petition can be found at www.jenny2010.com at the HOT TOPICS PAGE.
