October 2, 2009

*Kugee Supernaw
Congressman, Osage Nation*

Re: October 2, 2009 Congressional Session

Dear Congressman Supernaw,

I take this opportunity to thank you for your efforts today. Though each Resolution was voted down, let there be no doubt that your proposals will have a memorable affect on the outcome of this next election.

Congress members voting against the measures you proposed will reap the benefits of their misguided ideals and philosophies from this day forward.

The Osage people were eager to have these amendments passed. Due to the arrogance and ignorance of the typical few, we will remain in a downward spiral until they and Jim Gray are voted out of office.

I commend you for your persistence and loyalty to the Osage people. I encourage you to continue to stand firm and to always know you have truly done your best.

Sincerely,

Jenny M. Miller
