Osage Nation Congress
Pawhuska, OK 74056

Re: 2010 Osage Nation Election

Congress Members:

As you are aware, the 2010 election is approaching. Preparation for the event should begin soon. The Osage Minerals Council passed a resolution 4-9 in favor of the Bureau of Indian Affairs participation and assistance in their election. From what I understand, Jim Gray is hedging on his promise to accept the vote in favor of BIA assistance.

Have you taken any action regarding the Osage Nation election procedures? Has any effort been made by the Osage Nation Congress to provide the Osage people with a fair and legal election in 2010? Will any action be taken to ensure that the election will be conducted in a professional, accurate and legal way?

As a member of the Osage tribe and candidate for office in 2010, I believe a response from each of you regarding these questions is appropriate. I ask that you send your responses through the above referenced website. Your attention to this matter will be appreciated and anticipated.

Sincerely,

Jenny M. Miller
