

**AN “I TOLD YOU SO” MOMENT**

For over 2 years I’ve been writing the Osage Nation Congress; encouraging them to file impeachment proceedings against Jim Gray. It was clear to me that corruption was in the air and the leadership of this government was out of control.

Today, in what you may consider the last hour, steps to “consider” options toward removing Jim Gray have been taken. This long needed action is perhaps too little, too late. Nevertheless, it’s better than not acting at all.

I have attached a news report from Congressman Supernaw. He has described for the reader findings of the law firm, Crowe & Dunlevy, regarding Congressional options to resolve the misconduct of Jim Gray. Though vague in his description due to the legalities involved, we should all be thankful to Congressman Supernaw for being respectful to us, his constituents, by sharing this information.

Congressman Supernaw seems to be the only Congress person out of the 12 who realizes that the business of the Osage government is the business of the Osage people.

**NO MORE “I TOLD YOU SO” MOMENTS (1)**

It is with all of my heart that I ask you, the citizens of the Osage Tribe, to keep me from having to have another “I told you so” moment.

What we have experienced these last three years and continue to experience today is no one’s fault but our own. Though this new form of government was put upon us in a

blink of an eye and the circumstances were new to us all, we still have to take ownership, accept it and LEARN from it.

This administration has and will continue to milk us for every dime we have by keeping us ignorant of the facts. I’ve said it before and I continue to say: “The last thing this government wants is for the public to become informed.”

I ask that you make every effort to become informed and that you share information with every Osage you see. This is a new day in Osage government and now you have a duty to protect our past, our future and the present.

**NO MORE “I TOLD YOU SO” MOMENTS (2)**

Jim Gray’s refusal to appoint an Election Board is absolutely agenda ridden. Failure to appoint the Election Board delays distribution of the contact information to the candidates. Candidates will not be able to inform the voting public of the issues and that’s exactly how Gray wants it.

His refusal to appoint an Election Board also makes it impossible for the Osage public to make application for petition to have him removed or to have referendum votes placed on the ballot.

This inaction on Gray’s part was no doubt premeditated. He knew and still knows to this day what he is doing and I remind you that still to this day, an Election Board has not been appointed, only names have been written with no delegations.

This leaves thousands of Osages out of touch with the realities of this government

operation. Because of this, we are going to have to work extra hard to get information to our friends and family members.

It is my personal belief that Gray is so enamored with himself that he will actually do all he can to keep these thousands uninformed in hopes of being re-elected and he has most likely solicited others who will follow his agenda to run for Congress, Chief and Asst. Chief .

### **WE MUST BE VIGILANT**

The election of 2006 was our first. I, like you, voted for those we thought we knew. We voted for some because we recognized their name or we voted for attorneys' because they were attorneys'.

**BIG MISTAKE!** We cannot do that this go around. We must question the candidates! We have to know how they think, what they believe in and what they believe their responsibilities will be. Where is their heart? Is it with the Osage people? Is it with their pocket book? Is it with their ego? What do they plan to do?

Those that I voted for and whom I thought truly loved the Osage spat on us time and time again to my dismay.

Of course, candidates are going to tell you what you want to hear. They're going to try to dazzle you with their brilliants and charisma. I say to you- beware! What do we have sitting up there now? Haven't we seen enough of charisma and promises?

I say, it's truth we want from here on out. Promises of doing this and doing that while the world economy is in a free fall is hog wash. Don't fall for it and hope that we

have enough people running who are practical and honest enough to realize we have no idea how much money we have today and certainly won't know how much we have tomorrow. We have no idea how much we owe or how much this administration has committed.

This slap happy Chief has cried foul every time the wind blew and as a result we have lawsuits out the gazoo! The legal fees due are likely staggering!

He is ruining us folks and Congress is letting it happen. Click here [http://www.osage-tribe.com/executive/news\\_story.aspx?news\\_id=1518](http://www.osage-tribe.com/executive/news_story.aspx?news_id=1518) to see that he continues to the tune of millions of dollars to fight the Oklahoma Tax Commission by claiming that 1.5 million acres of Osage County is Osage Nation Reservation!

I say to him: "Get over it! If you don't want to pay state taxes, move to the rez! There's one in Hominy, Grayhorse and Pawhuska!"

### **WRITE OR CALL CONGRESS**

I ask once again that you write Congress: [llazelle@osage-tribe.org](mailto:llazelle@osage-tribe.org) and tell her you want a Constitutional Convention in order to save us from further tyranny and that you want Jim Gray removed from office. (918) 287-5557

More to come on soon! In the mean time, help me help you! Spread the word!
